Additional information about Harbour Island

Currency: US Dollars
Airport code: ELH (North Eleuthera airport)
Passport: Required

Harbour Island is a very small island off of the northern tip of Eleuthera. It's just 3 miles long and 1.5 miles wide, One of the most prominent features of Harbour Island are its gorgeous Pink Sand Beaches. The sand really the softest you'll ever feel beneath your feet, and it really is pink!

It's all easy recreational reef diving. We'll do a mix of shallow and deep. Sites like the Arch, the Plateau, and Pinnacle are spectacular with tons of fish. There's also an extensive reef system called "Devil's Backbone" which has caused a number of natural wrecks throughout history and those are fun to explore too - the Cienfuegos Wreck, and Potato and Onion Wreck are a couple examples. This is the place to relax and have fun...take some underwater photos and video...have a good time and just chill!

We will be staying in a lovely 4 bedroom / 4 bath private house on the south side of Dunmore Town. There are private entrances which means we can be "together" in the house, but you can also easily be away from others in group whenever you want. The house is air conditioned, has a grill and patio, a wrap around balcony, and comes with maid service. The house is strictly Non-Smoking.

It's just a couple minutes' walk to the beach, and I guarantee that many an afternoon will be spent laying on the pink sand beach! Fishing, snorkeling, biking, going horseback riding on the beach are other activities you may enjoy!

There are restaurants of all varieties on Harbour Island—fancy spots with ocean views, and there are also more quaint spots with fantastic food where you literally feel like you're sitting in someone's back yard (probably because you are).

Harbour Island is near and dear to my heart! This is where I learned how to dive 22 years ago. We loved it so much that we returned three years in a row. I can't wait to go back, especially with the awesome Submerged divers who make every trip so special!
